

LOLA + LOU
Oblivion

About us

Lola + Lou is a Dutch lingerie brand, founded in 2015 by Malou van den Broek. Her passion for lingerie and search for inspiring designs has led her to start her own brand.

Lola + Lou bridges the divide between high-end and mainstream lingerie labels, while balancing fashion and functionality. The brand sets itself apart by the use of contrasting fabrics in unexpected combinations. The collection comprises a broad range of lingerie items, supplemented by unique pieces and handmade items.

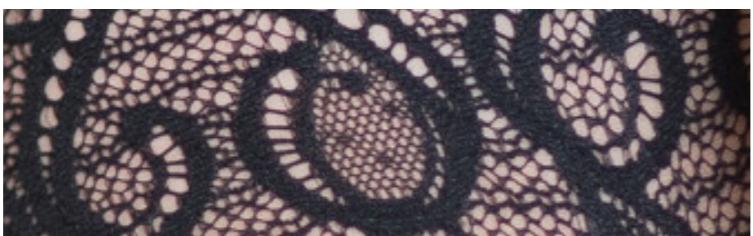

The first collection Oblivion was inspired by the atmosphere of American motels as portrayed in the movies. It symbolises a place where its daytime visitors are unaware of the endless possibilities it offers at night.
